Expansion Joint Systems
April 7th – 9th

EXPANSION JOINT SYSTEMS FOR PARKING STRUCTURES & STADIUMS

Join fellow contractors and consultants from around the country in Atlanta on April 7th through April 9th to participate in classroom and hands-on training related to expansion joints for stadiums & parking structures. The hands-on portion of the program will be conducted in an actual parking garage. Kevin Butler (Chicago Bear Super Bowl Kicker) will explain our Sports Venue Program.

Certification Program Overview:

- ◆ Movement Capabilities & Temperature Adjustment
- ◆ Understanding Service Conditions & Waterproofing Characteristics
- ◆ Types of Expansion Joint Systems -Thermal / Seismic
- ◆ Expansion Joint Hands-On Installation Training & Certification
- ◆ Fire Barrier Systems / Life Safety – Training & Certification

The program includes 4 star hotel accommodations for 2-3 nights, all meals and training material for each attendee. Attendee is responsible for transportation to and from hotel.

Agenda:

- April 7th** - Wednesday, Evening, Opening Reception (7 PM – 10PM)
- April 8th** - Thursday, Training, Hands-On, Breakfast, Lunch & Dinner
- April 9th** - Friday, Training, Hands-On, Breakfast, Lunch & Dinner
(depart either late Friday evening or Saturday morning)
